

NEXT MEETING

January 8, 1987, 7:30PM  
The DMNH - WEST AUDITORIUM

"Micro-Minerals of the San Juans"  
Tom Rosemeyer

We are pleased to have Tom Rosemeyer, formally the geologist at the Camp Bird Mine, present a talk on micro-minerals of the San Juan Mountains of Colorado. Tom has some excellent minerals in his collection and some excellent slides as well. This promises to be one of our most interesting presentations. Because of the expected large turnout, please note that we will meet in the WEST AUDITORIUM.

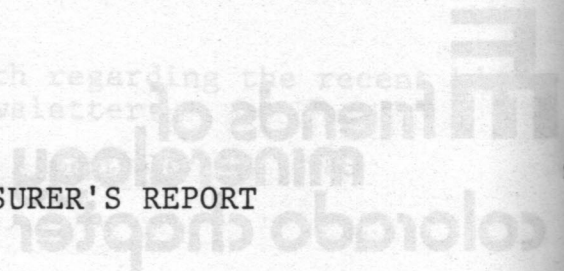

NEW OFFICERS FOR 1987

IN MEMORIAM

Two members of the Colorado mineral collecting community have recently passed away. Mike Gunnell and Richard Holmes both had been in failing health for some time. We extend sympathy to their families. They will long be remembered for their interest in minerals and in the minerals collectors of Colorado.
