

1989 DUES ARE NOW DUE! \$10.00 per year.
 The Treasurer will be glad to take your money at the January meeting or you
 can mail your check to him at 5565 W. Leewood Dr., Littleton, CO 80123.

PHOTOGRAPHY--Raymond Berry is organizing a committee to plan a workshop
 on mineral photography. If you are interested please contact him.

We will have a display case for you to show your examples of topaz.
 Other specimens of general interest may also be displayed.

Gene Foord will present a talk titled "Environment of Crystallization of
 Topaz as Determined From Chemistry and Infrared Spectra." Gene Foord has
 his PhD from Stanford University in Geology. Dr. Foord works for the
 U.S. Geological Survey, and has done research on pegmatites in San Diego
 County, and many other areas.

Our January meeting will be held in the West Auditorium of the Denver Museum
 of Natural History at 7:30 p.m. on January 12, 1989.

The January Board meeting will be held at the Denver Museum of Natural
 History in the Geology Dept office at 7 pm on Monday January 9.
