FMCC Dues
P.O. Box 11005
Denver, CO 80211-0005

Annual Auction date is June 8.

Chapter field trip to Wyoming: I will be leading a field trip to 2 or more pegmatite localities in Wyoming, September 21-24, 2000. Mark Jacobson has published a paper on the Black Mountain location in Mineral News, and has another on the Copper Mountain District pending in Rocks and Minerals. I plan on giving program for the September 7 as a preview of the trip, with slides showing the areas, and maps of meeting places. Other information will be available as plans firm up.
