

**COLORADO CHAPTER
FRIENDS OF MINERALOGY
MAY 2000 NEWSLETTER**

By Bill Chirnside, May 5, 2000

May Meeting: May 11, 2000, 7:30 PM, VIP Room, Denver Museum of Natural History.

Program: *The Minerals and Mines of Caribou, Jamestown, Ward and the Tungsten Belt*, By Ed Raines.

Board of Directors Meeting: At 6:30 in the T Rex Café, Pete will be absent.

About this and the previous newsletter: The program we have been using to maintain our mailing and membership lists has been doing some strange and apparently random things to the data during the print stage. We will be changing to a standard (Word?) program that will be exchangeable by email. In the meantime I have used white out and annotation on some of the mailing labels.

DUES FOR 2000: If your dues were received by May 3, your mailing label should show 2000 or higher in the upper right corner. At the May Board meeting all members delinquent, currently 18, will be dropped from membership. A current roster of the membership will then be sent to the chapter members and forwarded to FM National with the chapter dues payment.

Annual dues are \$13.00 per person and may be sent to: FMCC Dues

P.O. Box 11005

Denver, CO 80211-0005

In Memoriam: Chapter Member, Glenn Allen, recently passed away.

Field Trip to St Peters Dome, May 21: See: Jim Hurlbut, Ed Raines or Ray Berry

FMCC Auction, June 8, see attachment

Colorado Springs Mineralogical Society's 36th Show, see back of this page

Chapter September 21-24 Field Trip to Wyoming: See what I bring to the meeting. I will give a talk on this trip at the September 7 meeting when detailed trip information will be available.
