Program: ~~The Sunnyside Mine~~ - Richard Kosnar

Board Meeting: 6:30 P.M. (Geology Department Conference Room)

Regular Meeting: 7:45 P.M.

---

NOTICE: 1979 Mineralogical Record - Colorado II issue

Wendell Wilson, Editor, Mineralogical Record, is considering publishing another Colorado issue. Richard Kosnar (who, with Hal Miller, prepared the first Colorado issue, Nov./Dec., '76) has already been working on this second issue with Wendell. Other individuals are now preparing manuscripts to be submitted. I know people will have questions about how they can go about submitting articles, notes, editorials, etc.. Note the deadline in early June, 1979 for manuscripts so there is no time to waste. The time has come to organize this matter, especially to eliminate repetition. I have agreed to coordinate these efforts. This will be the topic of discussion at the upcoming FMCC meeting. If you cannot attend the meeting, please contact me if you would like more information about the MR issue. We will also discuss the proposal to have an FMCC Colorado Minerals Symposium this September at the Denver Council Mineral Show.

---

REGULAR SCHEDULE OF MEETINGS FOR 1979:

May 10	Denver Museum of Natural History	7:30 P.M.
July 12	Field trip (to be organized)	
September 13	Denver Museum of Natural History	7:30 P.M.
